

Thank you for the opportunity to serve you.

Sysco Idaho is pleased to provide you with this product catalog, which lists over 6,000 food service products currently stocked in our facility.

Items in this catalog are listed by product category and then sorted by product description. To meet the needs of the constantly changing marketplace, new products are added to our inventory daily. If you are unable to locate a particular item, be sure to check with a Sysco Marketing Associate to check our current inventory.

Sysco is the largest marketer and distributor of food service products in America. Operating from distribution facilities nationwide, Sysco provides products and services to over 255,000 customers. The Sysco distribution network covers virtually the entire continental United States.

Sysco Marketing Associates are committed not only to providing the highest quality and largest selection of products, but also to helping build the success of every customer they serve. It's a commitment that is at the heart of every customer-related service they provide, whether they are offering products that meet the highest industry standards, menu suggestions that maximize profitability, or one of the many other value-added services.

At Sysco, our customers' success is our success.
